Projects

POS system for a small business

In production

Point-of-sale web app in daily use: tablet checkout, thermal printer integration, returns management and automatic Excel export as a backup.

JavaScript · HTML · CSS · PWA · IndexedDB · WebUSB (ESC/POS)

Personal library · Spring Boot

Final project · DAM1

MVC web app to register books and readings with ratings and reviews, organise them by categories and tags, and view reading stats: pages read, average rating and books per category.

Java 21 · Spring Boot · JPA / Hibernate · MySQL · Thymeleaf · Maven

Library · Android app (Kotlin)

In development · DAM2

Native Kotlin app that consumes its own REST API built with Spring Boot and PostgreSQL, keeping business logic centralised on the server.

Kotlin · Android · API REST

Personal portfolio

Live

Bilingual static site with no page reloads, an interactive WebGL ink background and automatic deployment on every change.

Astro · TypeScript · CSS · WebGL · GitHub Actions

About

I'm a software developer, focusing on backend with Java and Spring Boot and on Android development with Kotlin.

Before programming I worked in retail, customer service and tourism. That varied background gave me responsibility, adaptability and the habit of working in a team under pressure.

Backend

Java
Kotlin
Spring Boot
JPA / Hibernate
PostgreSQL
MySQL

Frontend

JavaScript
TypeScript
HTML
CSS
Astro
Thymeleaf

Tools

Git / GitHub
GitHub Actions
Maven
Google Workspace

Languages

Spanish	Native
Catalan	Native
English	B2
Italian	B2

Education

Higher Vocational Diploma in Multiplatform Application Development (DAM)
La Salle Tarragona · Sept 2025 – present

Experience

Brico Depôt

Efficient organisation and management of tasks in a fast-paced environment.
Adapting to work procedures.
Problem solving and teamwork.

Mercadona

Customer service and problem solving.
Organisation, accuracy and compliance with procedures.
Working under pressure and coordinating with different teams.

Infinitum

Organisation, accuracy and compliance with procedures.
Working under pressure and coordinating with different teams.

Explotaciones Turísticas Costa Dorada

Coordinated work in multidisciplinary teams.
Adapting to demanding work environments.
Responsibility and task completion.
