01 ABOUT

Trained in Multiplatform Application Development and highly motivated to start my career in the tech sector. A varied work background has given me responsibility, adaptability and strong teamwork skills. I consider myself proactive, committed and a fast learner.

I am looking for an internship where I can apply my programming knowledge, gain experience and keep growing professionally.

02 PROJECTS

POS system for a small business — WEB APP IN PRODUCTION

Point of sale with tablet checkout, thermal printer integration, returns management and automatic Excel export as a backup.

JavaScript · HTML · CSS · PWA · IndexedDB · WebUSB (ESC/POS)
